

# Steps you can take to help prevent the spread of disease

The  
British  
Horse  
Society

Vaccinate and keep them up to date

Don't share water sources away from the yard

Prevent contact off your yard

Increase in normal temperature could indicate your horse is not well

Ill horses may not show signs straight away

Provide each horse with their own equipment

Disinfect boots and change outer clothing after visiting other yards

Clean and disinfect equipment and transport after events

Isolate and call your vet
