

Template Horse Share Agreement

The share agreement below is a guide as to the type of agreement which would be recommended to be made between horse owner and sharer. In all cases the agreement should be edited to reflect correct information and agreements as made between the horse and the person agreeing to share it.

If your yard rules stipulate a responsibility via the sharer under the course of the horse owners livery contract with the yard owner, then it is advised to also complete the 'Template Sharer or Loaner Livery Agreement' or to amalgamate both documents to create a singular agreement between horse owner, loaner and yard owner.

When amended and completed with your own particulars and signed by both parties it will form a legally binding agreement. However, if the person to whom you are sharing the horse with is unknown to you, you are strongly advised to take up references and to ask a legal adviser to check the completed document.
